## President's message, Randy, KF6RJS

## From the desk of *The Readout* editor John Otte, K6JRO

Welcome to another edition of *The Readout*!

I would like to thank Lucian, KF6NPG for putting together and distributing the July Readout in my absence. Lucian has been an indispensable resource with this newsletter.

This month we are adding a Swap Shop section where you can place adds for ham radio related equipment. So, if you have equipment to sell, send me your add and I will include it in the next newsletter. Also, Lucian has compiled a list of area frequencies. This list has been included below.

73 de John, K6JRO

---

## A Message from the Club President Randy Spindler, KF6RJS

Hope to see you all at the next meeting.

If you have any questions, feel free to email me at [kf6rjs@yahoo.com](mailto:kf6rjs@yahoo.com)

Thank You & 73's  
Your President Randy J. Spindler, KF6RJS.

Minutes: July  
face-to-face  
meeting

Next General  
Meeting:  
Face-to-face.  
Tuesday, August  
16<sup>th</sup> 7:00pm

Write for *The  
Readout.*

If anyone has  
information that  
they want included  
in *The Readout*  
please submit to the  
editor  
k6jro@arrl.net.

Please try and have  
the information or  
articles to the editor  
by the 30<sup>th</sup> of each  
month.

---

## Minutes from July face-to-face meeting

**Stanislaus Amateur Radio Association**

July 19, 2022

Club Meeting Minutes

(Conducted at 3705 Oakdale Road Modesto, CA)

Attendance (via sign in sheet)

Lucian, KF6NPG

Everett, AJ6VZ

Randy, KF6RJS

Cheryl, KK6GJM

Robin, KG6ZYQ

Scott, KN6RKY

Richard, W6DU

Richard, W8AAL

Scott, KN6OOV

Robert, KN6SDD

Jason, KA6TIO

Vicki, KJ6RCV

Zack, KI6KQO

Paul, W6UHF

Gene, W6QFU

Frank, KN6SCX

Charles, AA6YV

Craig, KN6TQX

Brendon, NK6M

Bill, AE6J

Scott, N6CIC

Roy, KMOQP

Eva, KM6BIP

Linda, W6MUT

Elias, KN6GZW

Jason, KN6HAG

Visitors: No visitors signed in

President Randy, KF6RJS called the meeting to order at 7:00 pm and welcomed everyone. There were 26 members in attendance. Randy had everyone introduce themselves and Zack, KI6KQO led the pledge of allegiance.

### **Reading of Minutes Secretary Lucian KF6NPG**

The minutes were included in the READOUT and had been e-mailed out to the membership prior to the meeting. A motion was made by Scott, KN6OOV and second by John, W6PY to accept the minutes as printed in the READOUT. The motion was passed without opposition.

### **President Randy, KF6RJS**

Randy welcomed everyone to the meeting. He said that Cheryl KK6GJM and Eva KM6BIP wanted to change the Ladies Chit Chat net on Monday evenings from 7:00pm to 8:00pm. They felt they would get more participation. The net will now begin at 8:00pm on Mondays.

### **Vice President John, K6JRO**

John is on a trip to Germany with his family. We wish him and his family safe travels.

### **Treasurer Vicki, KJ6RCV**

Vicki read the current treasurer's report and a copy is attached to the minutes and will be included in the next READOUT. Motion to approve by Bill, AE6J and second by Scott, N6CIC. Motion was approved without opposition.

### **Sergeant at Arms Zack, KI6KQO**

Zack said there were goodies and water at the back table and there would be a 50/50 split the pot for the equipment fund. He said the club has 3 HTs to raffle off to help the equipment fund. He said there will be one for raffle next month. He hopes to raffle the others every other month starting in September.

## Joining SARA:

*We are still taking membership applications for 2022.*

*One-year dues are \$30.00 for individuals, or \$45.00 for a family. To join, fill out the registration form in this newsletter and bring it to any SARA meeting.*

**Board Members: Everett, AJ6VZ, Richard, W8AAL, and Scott, N6CIC were present. Wally KK6CPN was not present.**

Scott said there were 125 sunspots and that 15 meters was open. The others had no report.

**Equipment/Mt Oso: Club Trustee Leroy, NV6S/Club Technician Patrick, KG6AZZ**

Leroy and Patrick were not present. Paul, W6UHF reported that the 440-antenna bracket is on Ray's Radio to do list. He will let everyone know when the work is completed. He said everything else was working as it should and he had no further report.

**ARES: John, K6JRO**

Paul had nothing to report for ARES.

**Community Events: Lucian, KF6NPG**

There are no events scheduled for July. The Warnerville time trial is scheduled for Saturday August 6<sup>th</sup>. This ride has not been opened for registration as of today. It may be cancelled. The Walk to End Alzheimer's is scheduled for Saturday September 17<sup>th</sup>. Both events have been staffed.

**Ham Cram: John, K6JRO**

John was not present. The next Ham Cram is scheduled for Saturday August 13, 2022.

**Field Day: Everett, AJ6VZ**

Everett said that he would give an update during the presentation time.

**Break:**

There was a 10-minute break.

**Raffle/Split the Pot: Zack, KI6KQO**

Richard, W8AAL was the winner of the split the pot. \$115.00 was collected and Richard donated his \$58.00 back to the equipment fund. Thanks Richard.

**Old Business:**

No old business.

**New Business:**

No new business.

**Presentation:**

Everett, AJ6V gave an update on field day. It was a very good presentation and was well received. Everett was thanked for a job well done. This was his first time first time coordinating Field Day.

**Meeting Adjourned:** The next SARA Club meeting is Tuesday August 16, 2022 (7:00pm to 8:00pm) and will be a face-to-face meeting. The location is the Stanislaus County Office of Emergency Services, 3705 Oakdale Road Modesto, CA. Motion to adjourn by Lucian, KF6NPG and second by Gene, W6QFU. Adjourned at 8:05 P.M.

Minutes by Lucian KF6NPG, Club Secretary

Treasure's  
Report,  
Vicki, KJ6RCV

## ARES

John, K6JRO  
Emergency  
Coordinator,  
Stanislaus County

## Stanislaus County ARES Report

I would like to thank Lucian, KF6NPG for running the July ARES meeting in my absence. Officer reports were given, and Lucian covered WinLink. Our August ARES meeting focused on planning for our Simulated Emergency Test (SET) in September. If you were not at the August ARES meeting and you would like to participate in the September SET, please contact Lucian or inform him over the ARES net.

If you have packet capability, please consider checking into the ARES WinLink Wednesday net. This consist of sending in a WinLink forms to Lucian, KF6NPG. If you are new to packet and would like to start checking into the WinLink Wednesday Net, please contact Lucian. We aslo have a VHF simplex net on the first Wednesday of the month immediately following the ARES net.

John Otte, K6JRO Emergency Coordinator, Stanislaus Co.  
[K6JRO@arrrl.net](mailto:K6JRO@arrrl.net)

ARES® operates under the authority of the Stanislaus County Office of Emergency Services (OES), and the Stanislaus County Assistant Director for OES. ARES® is organized under the auspices of the American Radio Relay League, the San Joaquin Valley Section Manager, and the San Joaquin Valley Section District Emergency Coordinator. Operational control is under the Stanislaus County OES.

If you are interested in joining Stanislaus ARES, go to the Stanislaus ARES website ([www.stanares.org](http://www.stanares.org)) and click on the Join ARES tab. There is formation on how to join and the membership forms to complete are available there. Please check in on the ARES voice radio net very Wednesday at 7:30 pm on the 145.390 – pl. 136.5 S.A.R.A. repeater. There is also an unproto Packet radio net during the voice net on 144.910 via the SARA node. The monthly training meeting is at 10:00am on the first Saturday of the month at 3705 Oakdale Road Modesto, CA. Meeting dates and times can change due to operational needs. Please check the web site for updates.

## Ham Cram

John, K6JRO Ham  
Cram coordinator

## Ham Cram Information

Study for your amateur radio license or upgrade your current license.  
Sponsored by the SARA and Stanislaus County ARES.

### Next Ham Cram

August 13, 2022  
Office of Emergency Services  
3705 Oakdale Road, Modesto, CA

The COVID restrictions have been relaxed and currently, masks are not required but encouraged. Please be mindful that this may change at any time.

All registered individuals will need to bring the following:

- A valid identification, preferably CDL (California Driver's License)
- Cash or check for \$30 for the testing session, check preferred and made payable to Stanislaus Amateur Radio Association (SARA).
- If you are upgrading your license, please bring a copy of your current license as well as the ORIGINAL.

### Sign Up

Please fill out the registration at [www.stanares.org/ham-cram](http://www.stanares.org/ham-cram)

If you have any questions, please email John Otte, K6JRO at [k6jro@arrl.net](mailto:k6jro@arrl.net).

## ARRL EC-001 course

## ARRL EC-001 Emergency Communications Course

If you need to take the ARRL Emergency Communications Course (EC-001) Stanislaus ARES can help. The EC-001 workbook is out of print, however The Indian River County ARES has all of the study information (including test and answers) posted on their web site. Recent amateurs who have taken the test have printed out the test questions and answers and have studied like they would for a ham cram. Pass rate has been about 100 percent.

\*\*\*The ARRL has updated this course. There are some content differences, however members who have used this to prepare for the challenge exam have been successful.\*\*\*

Here is the web site to study for the ARRL Introduction to Emergency Communications Course challenge examination (EC-001):

Go to [www.ircares.org](http://www.ircares.org) This is the web site for the Indian River County ARES. Once you are on the web site click on the training and reference tab. Then click on the ARRL Introduction to Emergency Communications (EC-001) tab. That will take you to the course information.

Once you complete this on-line study you can arrange with Stanislaus ARES to take the ARRL test. We generally give the test at a ham cram session or before or after the monthly ARES meeting. Please e-mail Lucian, KF6NPG at

## Featured Article

kf6npg@aol.com or John, K6JRO at k6jro@arrl.net to arrange to take the test. ***There is a \$15.00 test administration fee payable to ARRL.***

You can also access the updated ARRL EC-001 course at the ARRL website. Go to [www.arrl.org](http://www.arrl.org). Once there click on the licensing, education and training tab. Then click on the online course catalog tab and look for the EC-001 course. It states that it takes about 45 hours to complete the course over 9 weeks. Once you complete the ARRL course you can take the exam online. From what I can see there is no charge to take the course or exam. You must take the course before you can take the exam.

You cannot take the challenge exam online.

---

## Featured Article: DX Engineering Acquires Hi-Z Antennas Amateur Radio Products

DX Engineering has acquired Hi-Z Antennas' full lineup of HF directive receiving array products for amateur radio operators, ensuring that the company's devices will continue to be available to hams worldwide. DX Engineering has been the exclusive dealer of Hi-Z equipment since 2013.

Hi-Z devices will now be produced by DX Engineering's design/manufacturing team. Customers should direct all inquiries and requests regarding Hi-Z Antennas products to DX Engineering.

Hi-Z founder, CEO, and chief engineer Lee Strahan, K7TJR, became interested in low-band operating more than two decades ago after reaching Japan on 160 meters while contesting. He began building array systems for personal use, but after publishing one of his designs on the internet, drew the attention of like-minded hams. Since then, Hi-Z's singular focus has been on producing and refining receiving systems that deliver reduced noise, superb weak-signal HF reception, and reliable performance, especially for 160/80 meters and AM DXing.

"The time has come for me to pass along Hi-Z Antennas' technology to DX Engineering," said Strahan, a licensed ham since 1962. "It is my wish that they will usher in a new pinnacle of performance as they carry forward Hi-Z's latest designs and ideas. It is great to know that Hi-Z will be in such capable hands."

Hi-Z's product offerings include 3-, 4-, and 8-element receive array systems; array phasing controllers; receive antenna switches; remote switch control consoles; band-pass filters; receive testing units; amplifiers and preamplifiers; matching transformers; and power injectors. All Hi-Z products are available at [DXEngineering.com](http://DXEngineering.com).

"Hi-Z Antennas' high-quality, high-performance products have been used with great success by many DX Engineering customers, including some of the world's top DXers and contesters," said Tim Duffy, K3LR, DX Engineering

## Swap Shop

## Community Events

CEO. "We are happy to add Hi-Z to DX Engineering's family of amateur radio brands. The acquisition makes good sense for our company as well as operators around the world who will benefit from Hi-Z's years of experience in perfecting receiving arrays and components."

Among Hi-Z's signature products are the redesigned Three-Element V2 Triangular Receive Array Systems, Four-Element V2 4 Square Receive Array Systems, and Eight-Element V2 Multi-Band 8 Circle Array Systems. These packages come with Hi-Z's element amplifiers, phasing controller, Shack Switch 2, and matching transformer. Ground-mounted vertical elements are sold separately.

Hi-Z joins these other highly regarded amateur radio brands which DX Engineering has acquired over the years: Butternut Antenna, Clifton Laboratories, Comtek, Top Ten Devices, and TransWorld Antennas.
