President's  
message,  
Randy, KF6RJS

## From the desk of *The Readout* editor John Otte, K6JRO

Welcome to another edition of *The Readout*!

October is upon us, and Fall is here! This generally means cooler weather and, after the summer we have had, cooler temperatures would be welcomed indeed! October is also the time of The Great California ShakeOut. Always the third Thursday in October, The Great ShakeOut is scheduled for October 20<sup>th</sup> at 10:20am. This is a time for people to participate in earthquake safety drills at work, school, and home. As a result, Stanislaus County ARES will be conducting a Did You Feel it (DYFI) net on Thursday, October 20<sup>th</sup> at 10:20. SARA club members are not required to check in but, you are welcome to do so. On Saturday, October 22<sup>nd</sup>, StanARES will be conducting another Aftershock earthquake net in conjunction with ARES LAX. This net is for ARES members and will run from 9:00-11:00am. More details will be provided via email and on the net.

Currently, there are 9.3 million people registered for this event. For more information, check out The Great California ShakeOut website:

<https://www.shakeout.org/california/>

Also, don't forget that this is *your* club, and we cannot run it with out your help. Nominations for officer and board member positions take place during our November meeting so, now it the time to consider leadership positions. They are not difficult. All they need are passion and dedication to the hobby we all love.

73 de John, K6JRO

## A Message from the Club President Randy Spindler, KF6RJS

I hope to see everyone at the meeting. Looking forward to some cooler weather and some rain soon. Please continue to pray for Sarah's recovery

If you have any questions, feel free to email me at [kf6rjs@yahoo.com](mailto:kf6rjs@yahoo.com)

Thank You & 73's  
Your President Randy J. Spindler, KF6RJS.

## ARES

John, K6JRO  
Emergency  
Coordinator,  
Stanislaus County

### Stanislaus County ARES Report

On Saturday, October 8<sup>th</sup> ARES began working on plans to participate in The Great ShakeOut. This annual State-wide event is held on the third Thursday of October (10/20) at 10:20 to practice safe earthquake procedures. ARES will conduct a simulated earthquake net on Thursday, OCT 20 at 10:20am for 30-minutes taking check-ins and recording your (simulated) experience in the aftermath of this hypothetical earthquake. ARES

members are encouraged to submit *Did You Feel It* (DYFI) forms via Winlink. More information will be provided on the nets.

WinLink packet and VARA were used to send data including pictures and ICS 213rr forms. This was in preparation for November's hospital drill.

If you have packet capability, please consider checking into the ARES WinLink Wednesday net. This consists of sending in a WinLink form to Lucian, KF6NPG. If you are new to packet and would like to start checking into the WinLink Wednesday Net, please contact Lucian. We also have a VHF simplex net on the first Wednesday of the month immediately following the ARES net.

John Otte, K6JRO Emergency Coordinator, Stanislaus Co.

[K6JRO@arrrl.net](mailto:K6JRO@arrrl.net)

ARES® operates under the authority of the Stanislaus County Office of Emergency Services (OES), and the Stanislaus County Assistant Director for OES. ARES® is organized under the auspices of the American Radio Relay League, the San Joaquin Valley Section Manager, and the San Joaquin Valley Section District Emergency Coordinator. Operational control is under the Stanislaus County OES.

If you are interested in joining Stanislaus ARES, go to the Stanislaus ARES website ([www.stanares.org](http://www.stanares.org)) and click on the Join ARES tab. There is information on how to join and the membership forms to complete are available there. Please check in on the ARES voice radio net every Wednesday at 7:30 pm on the 145.390 – pl. 136.5 S.A.R.A. repeater. There is also an unproto Packet radio net during the voice net on 144.910 via the SARA node. The monthly training meeting is at 10:00am on the first Saturday of the month at 3705 Oakdale Road Modesto, CA. Meeting dates and times can change due to operational needs. Please check the web site for updates.

## Ham Cram

John, K6JRO Ham  
Cram coordinator

## ARRL EC-001 course

## Ham Cram Information

The ARES organization is currently reviewing the necessity for future Ham Crams. Over the past 18-months attendance has been very low. This is in part due to Covid and because the Stockton Club has ham cram every month. A decision will be made this month regarding the future of our Ham Crams.

### Next Ham Cram

February 2023 (tentatively)  
Office of Emergency Services  
3705 Oakdale Road, Modesto, CA

All registered individuals will need to bring the following:

- A valid identification, preferably CDL (California Driver's License)
- Cash or check for \$30 for the testing session, check preferred and made payable to Stanislaus Amateur Radio Association (SARA).
- If you are upgrading your license, please bring a copy of your current license as well as the ORIGINAL.

### Sign Up

Please fill out the registration at [www.stanares.org/ham-cram](http://www.stanares.org/ham-cram)

If you have any questions, please email John Otte, K6JRO at [k6jro@arrl.net](mailto:k6jro@arrl.net).

## ARRL EC-001 Emergency Communications Course

If you need to take the ARRL Emergency Communications Course (EC-001) Stanislaus ARES can help. The EC-001 workbook is out of print, however The Indian River County ARES has all of the study information (including test and answers) posted on their web site. Recent amateurs who have taken the test have printed out the test questions and answers and have studied like they would for a ham cram. Pass rate has been about 100 percent.

\*\*\*The ARRL has updated this course. There are some content differences, however members who have used this to prepare for the challenge exam have been successful.\*\*\*

Here is the web site to study for the ARRL Introduction to Emergency Communications Course challenge examination (EC-001):

Go to [www.ircares.org](http://www.ircares.org) This is the web site for the Indian River County ARES. Once you are on the web site click on the training and reference tab. Then click on the ARRL Introduction to Emergency Communications (EC-001) tab. That will take you to the course information.

Once you complete this on-line study you can arrange with Stanislaus ARES to take the ARRL test. We generally give the test at a ham cram session or before or after the monthly ARES meeting. Please e-mail Lucian, KF6NPG at [kf6npg@aol.com](mailto:kf6npg@aol.com) or John, K6JRO at [k6jro@arrl.net](mailto:k6jro@arrl.net) to arrange to take the test.

***There is a \$15.00 test administration fee payable to ARRL.***

## Featured Article

You can also access the updated ARRL EC-001 course at the ARRL website. Go to [www.arrl.org](http://www.arrl.org). Once there click on the licensing, education and training tab. Then click on the online course catalog tab and look for the EC-001 course. It states that it takes about 45 hours to complete the course over 9 weeks. Once you complete the ARRL course you can take the exam online. From what I can see there is no charge to take the course or exam. You must take the course before you can take the exam.

You cannot take the challenge exam online.
