Next General Meeting:  
Face-to-face:  
Tuesday, January 21<sup>st</sup> 7:00pm

## A Message from Club President John Otte, K6JRO

Welcome to another edition of *The Readout* and to 2025!

As I pen this column, I opened my SiriusXM app to listen to Hair Nation on channel 39. The song was "Wind of Change" by the Scorpions a German rock band. This song appeared on their 1990 album (yes, I still use this phrase!) *Crazy World* and was released worldwide in January 1991. It became an instant hit because it describes the impending change the world was experiencing after the fall of the Soviet Union.

Now, I share this with you because the month of January always seems to represent change. While not as dramatic as the fall of the USSR it does underscore the change a new year brings.

So, where are you in this time of change? Take some time and reflect on this and I hope you find time to spend with Amateur Radio. Have you been busy and had to neglect this hobby we love? I know I have. It seems, at least for me, my year ebbs and flows with Ham Radio. So, I think it's time for a change.

If you have not paid your dues for 2025, please consider doing so soon. Your member dues go to upkeep of equipment and much needed projects.

Be active on the nets—there are a lot on our club repeater.

Are you looking to upgrade your license? Let us know because we can help with that!

Ever been to a Hamfest? There are several throughout the year with our local one occurring in October.

Are you new to Ham Radio and everything seem overwhelming, and you don't know how to get on the radio? Let us know! We can help with that too. We can help with equipment and provide expert advice. Let's make 2025 the best year for our club!

73 de K6JRO  
John Otte  
SARA Club President

## Minutes:

DEC face-to-face meeting

### Write for *The Readout*.

If anyone has information that they want included in *The Readout* please submit to the editor  
k6jro@arrl.net.

Please try and have the information or articles to the editor by the 30<sup>th</sup> of each month.

# Minutes from the December face-to-face meeting

**Stanislaus Amateur Radio Association**

[www.saraclub.net](http://www.saraclub.net)

**December 17, 2024**

Club Meeting Minutes

(Meeting held at 3705 Oakdale Road Modesto, CA)

Attendance (via sign in sheet)

Robin, KG6ZYQ	Scott, KN6OOV	Vicki, KJ6RCV
Richard, W8AAL	Patty, W6PV	Manuel, N6MTM
Paul, W6UHF	Richard, W6DU	Robbie, KN6VOG
Scott, KN6RKY	John, K6JRO	Cheryl, KK6GJM
Robert, KD6BMY	Brendon, NK6M	Ed, KF6FIR
Scott, N6CIC	Brian, KN6QFF	Jene, KI6DC
Lucian, KF6NPG	Eva, KM6BIP	Scott, N6SVA
James, KK6ILV	Roy, KK6OQP	Randy, KF6RJS
John, W6PY	Jason, KA6TIO	Anita, (Guest)
Gene, W6QFU	Art, KN6SSP	Elias (Guest)
		Barbara (Guest)

**Vice-President Scott Daniels, KN6OOV**, called the meeting to order at 7:00 pm, welcomed everyone and led the Pledge of Allegiance. There were 28 members, and three guests present according to the sign-in sheet. Scott asked members and guests to introduce themselves.

**Reading of Minutes: Secretary Scott Griffin, N6CIC**, reported the Readout with the minutes that had been e-mailed out to the membership prior to the meeting. Randy, KF6RJS, reported he did not receive the Readout. Scott, N6CIC, will resend to Randy. There were no changes or corrections. A motion to approve the minutes was made by Dick, W8AAL, with a second by Art, KN6SSP. The club approved the minutes unanimously.

**Vice-President Scott, KN6OOV**, noted there will be no SARA Club Tuesday night net for two weeks, with the next net on Jan. 7, 2025.

**Treasurer Scott Johnson, KN6RKY**, read the current treasurer's report. A copy is attached to the minutes and will be included in the next Readout. Randy, KF6RJS, made a motion to accept the report, with a second by Lucian, KF6NPG. The club approved the treasurer's report. Scott noted that the split-the-pot funds will go 50% to the equipment fund and 50% to the general fund in 2025. He is accepting dues payments for 2025.

**Sergeant at Arms Herb, W9CMX**, was not present.

**Club Trustee Lucian, KF6NPG**, reported he has received no equipment complaints, and the repeater system is working as it should, except for the 6-meter repeater. I received a report that it had not been working "for some time." It would be most helpful to let me know ASAP if something is not working so it can be corrected on the next visit to Mt. Oso. With the weather we may not be able to make it to Mt. Oso for the next couple of months.

## Joining SARA:

We are taking membership applications for 2025

One-year dues are \$30.00 for individuals, or \$45.00 for a family. To join, fill out the registration form in this newsletter and bring it to any SARA meeting.

The electric bill at \$84.78 was up a little over last month, but the use was up over the last month, so the cost was consistent. Mark, N6ARP, found information that PG&E could be implementing another cost increase of \$8.00 per month. However, some older temporary rate increases are due to expire, so we will wait to see what happens. Our power usage has stabilized in the \$70 to \$80 range.

**Board Member: Jason, KA6TIO, Dick, W8AAL, and Randy, KF6RJS, were present:** Jason reported he and Vicky, KJ6RCV, will continue to head the Field Day committee. That is exceptionally good news. Randy gave a weather report-rain is expected over the weekend.

**ARES EC Ed, KF6FIR:** reported there will be no ARES nets on Christmas Day or New Years Day. The next meeting will be on Saturday, Jan. 11. ARES has adopted the ARRL Task Book.

**Community Events: Lucian, KF6NPG,** reported on the first two events for next year:

- Saturday, March 1, Snelling Road Race
- Saturday, March 29, Copperopolis Road Race

Wally, KK6CPN, will be coordinating community events next year.

**Old Business: Vice-President Scott, KN6OOV,** turned the meeting over to John, K6JRO for the nominating committee. The following are the nominations for officers and board members:

- President, John, K6JRO
- Vice-President, Brian, KN6QFF
- Secretary, Scott, N6CIC
- Treasurer, Scott, KN6RKY
- Sergeant-at-Arms, Robin, KG6ZYQ
- Board member, Cheryl, KK6GJM
- Board member, Scott, KN6OOV
- Board member, Dick, W8AAL
- Board member, Mark, N6ARP (past president)

There were no further nominations. Lucian, KF6NPG, made a motion to accept the slate of officers and board members as presented. The motion was seconded by John, W6PY. The club members unanimously approved the motion.

**New Business:** None

### Break:

There was a 15-minute break. The Split-the-Pot raffle raised \$120. Paul, W6UHF, was the lucky winner and he returned his half to the club. Thank you, Paul!

**Presentation: Scott, KN6OOV,** gave an interesting presentation on fuses. He brought some fuse holders from O'Reilly and showed slides of a variety of fuses from small fuses for ham equipment to huge fuses used in commercial installations. He also showed data from *Littlefuse* on the time delay before a fuse blows depending on the current and the rating. The blade auto fuses are color coded based on their current rating.

**Meeting Adjourned:** Scott, KN6OOV, adjourned the meeting at 8:06 PM after a motion by John, K6JRO, and a second by Jason, KA6TIO. The next meeting will be on Tuesday, January 21, 2025 (7:00 pm to 8:00 pm) and will be a face-to-face meeting. The location is the Stanislaus County Office of Emergency Services, 3705 Oakdale Road, Modesto, CA.

Minutes by Scott, N6CIC, Club Secretary.

## Treasure report from the December meeting

## Weather report from Randy, KF6RJS

*The following report was filed by SARA club weather officer Randy, KF6RJS. Data was collected from his home QTH in North Modesto:*

It is very dry out. The last time we had rain was on January 3<sup>rd</sup> we had 0.12 inches. The year rain so far is 3.83 and nothing since then. No rain in sight from January 19th - 26th of this month. This month will be the driest January. We have 13 more days of this month. The weather from now to the 26th. 50's to 60's for high and 30's to 40's for lows. Clear to partly cloudy skies. Pray for the people in L.A. and pray for rain. Hope we will get some soon.

73

Randy Spindler, KF6RJS.  
Weather Officer

## Stanislaus County ARES Report

Hello All,

I hope everyone had a great and safe holiday. I would like to thank all the volunteers in the ARES group for their support and willingness to stay prepared. As you know the ARES group from the member up to the Section Manager are all volunteers. They commit to time, equipment and training in order to stay prepared in case of a call out. I appreciate all the hard work and time you give.

73

Ed Hanna, KF6FIR Emergency Coordinator, Stanislaus Co.

ARES® operates under the authority of the Stanislaus County Office of Emergency Services (OES), and the Stanislaus County Assistant Director for OES. ARES® is organized under the auspices of the American Radio Relay League, the San Joaquin Valley Section Manager, and the San Joaquin Valley Section District Emergency Coordinator. Operational control is under the Stanislaus County OES.

If you are interested in joining Stanislaus ARES, go to the Stanislaus ARES website ([www.stanares.org](http://www.stanares.org)) and click on the Join ARES tab. There is formation on how to join and the membership forms to complete are available there. Please check in on the ARES voice radio net very Wednesday at 7:30 pm on the 145.390 – pl. 136.5 S.A.R.A. repeater. There is also an unproto Packet radio net during the voice net on 144.910 via the SARA node. The monthly training meeting is at 10:00am on the second Saturday of the month at 3705 Oakdale Road Modesto, CA. Meeting dates and times can change due to operational needs. Please check the web site for updates.

## Ham Cram Information

Due to low enrollment, the ARES organization will no longer be offering ham crams. Instead, we will offer material and guidance to anyone who wants to earn or upgrade their license. Information is available on the [ARES webpage](#). Testing will be offered before the SARA club meeting at 6:00pm on the third Tuesday of the month.

If you have any questions, please email John Otte, K6JRO at [k6jro@arrl.net](mailto:k6jro@arrl.net).

---

## Swap Shop: Ham Radio related equipment for sale

No items for this month.

## Featured Article: Having Fun with Amateur Radio and Serving Your Community

By Lucian Thomas, KF6NPG

Have you ever wondered about the purpose of the amateur radio hobby? Why are so many people interested in the hobby? Why does the government allow this valuable radio spectrum to be retained for amateur radio use? Let us look at Part 97 of the Code of Federal Regulations. This regulates the amateur radio service.

**Excerpt Part 97 Rules of the Amateur Radio Service**  
**CFR Title 47: Telecommunication**  
**Subpart A—General Provisions**  
**§97.1 Basis and purpose.**  
**Updated January 16, 2024**

The rules and regulations in this part are designed to provide an amateur radio service having a fundamental purpose as expressed in the following principles:

**(a) Recognition and enhancement of the value of the amateur service to the public as a voluntary noncommercial communication service, particularly with respect to providing emergency communications (emphasis added).**

(b) Continuation and extension of the amateur's proven ability to contribute to the advancement of the radio art.

(c) Encouragement and improvement of the amateur service through rules which provide for advancing skills in both the communication and technical phases of the art.

(d) Expansion of the existing reservoir within the amateur radio service of trained operators, technicians, and electronics experts.

(e) Continuation and extension of the amateur's unique ability to enhance international goodwill.

The amateur radio hobby can be a lot of fun. You can meet others who have an interest in the hobby by joining a club like SARA (Stanislaus Amateur Radio Association) and an emergency communications group such as Stanislaus County ARES. This will help you to learn more about the hobby and meet some fellow hams, who no doubt will share many of the same interests that you have, and they can be a great resource as you learn and participate more in the exciting hobby of amateur radio.

There are many aspects of the hobby to explore. You can learn morse code (CW), participate in contests such as the California QSO party where you try to make as many contacts as possible in California that you can. There are also multistate and international contests in which you can participate. As you work the HF bands you never know when may make that far off DX contact and have a chance to promote international good will. And finally, there is the ever-popular ARRL (American Radio Relay League) Field Day held very June. Another event that is gaining popularity is the Winter Field Day in January. This is the tip of the iceberg for the many amateur radio activities in which you could participate. For more information check the ARRL web site at [www.arrl.org](http://www.arrl.org) . All of this will help you to follow the principles of the amateur radio service.

As you can see, the very first principle speaks to the use of amateur radio as a means of community service, especially in times of an emergency. Please consider participating in one of the club's upcoming events, the Snelling Road Race, Copperopolis Road Race, Regalado Road Race, or the Walk to End Alzheimer's. Your participation in these events is a terrific way to show how amateur radio can be a resource for the community. It also helps to recruit new members to join amateur radio. If you have never worked at an event and are a little apprehensive, do not worry.

You can be assigned to work with someone to learn the ropes. Wally, KK6CPN has taken over as the coordinator for community/service events. Step up and support Wally as he asks for volunteers to help with these events.

Also, you can put your amateur radio knowledge to use by joining Stanislaus ARES. There you will receive additional training in emergency communications that will prepare you to be a resource for your community in times of need. If you are interested in joining Stanislaus ARES talk to Ed, KF6FIR, the Emergency Coordinator or Wally KK6CPN, the Assistant Emergency Coordinator for this group. You can also check out the ARES web site at [www.stanares.org](http://www.stanares.org) and the SARA club website at [www.saraclub.net](http://www.saraclub.net) for additional information.

Participating in a community or public service event is not difficult. You will have fun and will be serving the community in the true spirit of amateur radio.

## Local Nets

### Local Nets:

S.A.R.A. operates several repeaters.

These are located on Mt. Oso in Patterson, CA:

145.390 – pl 136.5

224.140 – pl 136.5

440.225 +pl 136.5

51.800 – pl 136.5

- Digital node 144.910, digipeater name "SARA".
- 145.110 – pl 136.5 is a low-level repeater located in Modesto, CA.

All SARA nets meet on the 145.390 – pl 136.5 repeater except where noted. SARA Club net is every Tuesday (except the 3<sup>rd</sup> Tuesday) at 7:30pm.

The morning traffic and information net meets Monday through Friday from 7:00am to about 8:00am.

The Geezer net (It is not about age; it is all about attitude) meets each weekday morning 9:00am to 9:30am.

The Ladies Chit Chat net every Monday at 8:00pm for YL's.

The All-Modes Net meets on the first Thursday of the month at 7PM. This net covers all aspects of Amateur Radio. All licensed amateurs are invited to check in and share their radio activities or other ham related items. Questions can be directed to Zack- KI6KQO, at email [ZSP1919@icloud.com](mailto:ZSP1919@icloud.com).

The Stanislaus County ARES net meets every Wednesday at 7:30pm.

The Space net meets every Friday at 8:00pm

S.A.R.A. meets the Third Tuesday of every month at 7:00pm at 3705 Oakdale Road Modesto, CA 95357. The club website is [www.saraclub.net](http://www.saraclub.net).

The Stanislaus County ARES generally meets the First Saturday of the month at 10:00am at 3705 Oakdale Road Modesto, CA 95357. Meetings can be changed due to training requirements please check the web site for current information. The web site is [www.stanares.org](http://www.stanares.org).

Officers and Board Member

Turlock Amateur Radio Club (W6BXN) weekly club net meets every Tuesday (except the 2<sup>nd</sup> Tuesday) at 7:00pm on 147.030 + pl 100 or 447.700 + pl 94.8.

TARC meets the second Tuesday at 7:00pm at the Salvation Army 893 Lander, Turlock, CA.

Merced ARES has a weekly net on Mondays at 7:00pm on the TARC repeaters. They have a monthly meeting the third Wednesday at 6:00pm at The Pizza Factory 3146 G Street #147 Merced, CA 95340.

San Joaquin Valley Section ARES Net every Sunday at 7:00 pm on the TARC repeaters.

TARC web site is [www.w6bxn.org](http://www.w6bxn.org) and Merced ARES is [www.mercedares.org](http://www.mercedares.org)
